We can be your global partner - De-risk your foreign market entry

De-risk your foreign market entry

We are a chartered accountant-led business with offices in the UK, USA and India and have a team of senior personnel experienced in advising enterprises on business set-up and expansion activities overseas. Our main goal is to be your local partner and provide you with hand-holding support and assistance in a new, international market to grow your business successfully.

Regardless of the industry, we support small to medium-sized enterprises across the globe who are considering business expansion overseas. We specialise in de-risking market entry overseas by making a business operationally compliant within the country's regulatory laws and assure greater opportunity for success by delivering long term support. Our main goal is to help enterprises through every step of their journey of the business expansion by being their local partner.

We can be your global partner - De-risk your foreign market entry

About QX Corporate Advisors

QX Corporate Advisors is a subsidiary of QX Holdings Ltd and delivers market entry strategy, company formation, business setup and expansion services to global enterprises. We enable international organisations to establish a foothold or expand their operations by providing a range of on the ground support and taking care of their business critical functions such as entity formation, taxation, HR and finance and accounts.

QX Limited is one of the leading business process outsourcing companies, providing services to businesses in the recruitment, accountancy, finance, software and corporate advisory sectors. We have over 600 professional experts working across 4 locations worldwide to deliver back office solutions to power superior business results for our clients.

Associates

Whilst we are based in the UK with two offices in India and the USA, we have associates based in other major cities across the globe to ensure no matter where it is best for your business to be established, we can rely on local knowledge and expertise. Our network of business associates is well-versed with the local market and regulatory requirements and help us deliver more efficient services to our clients across many countries.

What we do

We cater to small to medium-sized enterprises regardless of their industry; essentially anyone who is considering expansion into the international market. Our expert consultants have a better understanding of international markets and in-depth domain understanding of the regulatory environment to help you through all of your business expansion activities overseas. We are based in Ahmedabad in the Gujarat state in the west of India but our network extends across the country enabling us to assist you to identify where your business will be best placed. We can assist you from your earliest ideas right through to ongoing business support.

We can be your global partner - De-risk your foreign market entry

Where we operate

We have an extended network of business associates across the world with deep understanding of the local market and extensive knowledge of regulatory requirements. Our business network provides you with the required support from the first step to the point your business is fully established in a foreign country. In addition to our global presence we have a particular interest in the following countries:

Services we offer

- ✓ Market entry strategy
- ✓ Corporate secretarial services
- ✓ Entity formation
- ✓ Finance and accounting services
- ✓ HR support services
- ✓ Tax consultancy services

Build Operate Transfer model

QX Corporate Advisors adopts an innovative approach to help you with business expansion in India; a Build – Operate – Transfer business model which has the potential to offset project risks, while minimising upfront investment and set-up time.

With the BOT business model, we can help you rapidly set up a business entity in India while providing a complete support, from setting up the infrastructure to managing process and resources; and then we operate your business efficiently, and eventually smoothly transfer the complete functional centre to you.

Build

- Business entity set-up in India, including incorporation, statutory compliances and registration
- Business facility and infrastructure
- HR and recruitment support

Operate

- Manage the India entity
- Track progress
- Fine tune operations
- Accounting and administrative support
- Regulatory and audit processes

Transfer

- Transfer back the business to you
- Knowledge and asset transfer

Security systems / data protection / infrastructure

Information security is critical for every company and organisation. At QX we take data security and confidentiality very seriously and have world-class infrastructure and robust procedures in place to protect your critical information from unauthorised access.

QX operates a best-in-class standard for information security that ensure appropriate safety controls are in place to securely protect clients' critical information and intellectual property.

We follow information security guidelines which include:

- ✓ Access cards and biometric login for all employees
- ✓ Confidential, non-disclosure agreement is signed by each employee
- ✓ All methods of data transfers to external sources are controlled
- ✓ SSL secure network and electronic locks on every access
- ✓ Anti-virus software
- ✓ 24x7 CCTV monitoring
- ✓ Regular security audits

For a next-room telephony experience we use an IPLC (dedicated point-to-point connectivity) communications system to speak with our clients. This not only provides an excellent communication medium, it occurs at UK local rates so you don't need to worry about phone costs.

Virtual communication in the form of face-to-face meetings is possible through a video conference facility.

Qualified staff

We are a chartered accountant-led business with offices in the UK, USA and India. Our team of senior personnel are experienced in advising enterprises on business set-up and expansion activities overseas. Our main goal is to be your local partner and provide you with support and assistance in a new, international market to grow your business successfully.

Our experts have experience in investment banking and transfer pricing. They bring a deep and broad expertise to global economic analysis, business valuation, corporate finance and strategic planning including deal-structuring and negotiations for equity investments and acquisitions, tax strategy and FEMA regulations (in India).

Our extensive experience in these three markets and our network of associates across the globe places us in a unique position to provide guidance and assistance in all business setup processes.

Key people

Chris Robinson
Executive Chairman

Chris Robinson, Executive Chairman of QX Ltd, founded the company in 2003 in Skipton, North Yorkshire to provide cost-effective outsourced accounting services to Chartered Accountants through its office in Ahmedabad, India. His own personal experience of setting up a company in India means he can bring valuable insight into the steps and processes a business needs to take to establish themselves there.

An ICAEW-qualified Chartered Accountant by profession, Chris qualified with KPMG and was in practice for over 20 years. He ran Business Solutions (Northern) Limited, providing accounting and part time FD services to owner-managed businesses in the Yorkshire area. From there he joined the dot com boom and spent three years as a Finance Director of an AIM-listed ISP.

In 2002, he was a founding member of the team to take over JCJ (now HCL Doctors), a specialist locum recruitment agency, which he grew from a turnover of £1 million to £30 million within 3 years.

Anil Bhambhani
Managing Director

Anil is a qualified Chartered Accountant, Cost and Management Accountant and Certified Financial Planner. He has over 16 years of experience in investment banking and transfer pricing.

As a founder and managing director of QX Corporate Advisors, Anil brings deep and broad expertise to bear on the global economic analysis, business valuation, corporate finance and strategic planning, including deal-structuring and negotiations for equity investments and acquisitions, tax strategy and FEMA regulations that clients receive the highest quality of service.

Hardik Shah
Vice President - US operations

Hardik is a Certified Public Accountant (CPA) from the state of Colorado in US. Hardik is also a Chartered Accountant (CA) from India. He also holds DISA qualification which is the highest degree in India, for system security and control. He has done his Masters in Accounting and Auditing from Gujarat University, India.

He looks after the USA operations and assists in setting up companies in the American market. He is responsible for overseeing the delivery of finance and accounting operations for US companies and manages a team of Chartered Accountants and non-CAs that review and prepare various types of Federal and State Tax returns, payroll processing and returns, sales tax returns and bookkeeping services.

Benefits with QX Corporate Advisors

We help you identify opportunities, derisk market entry and provide assistance that directly supports your business expansion activities overseas. No matter what stage your business is at, if you are considering international expansion, our highly qualified and expert advisors can provide information and advise you on tax-efficient business set-up to enable you to establish a foothold and expand your operations overseas.

We are pleased to be associated with the team at QX Corporate Advisors. Many thanks to their professional advisors who have shown the care for quality & excellence helping our firm appear on the global map. They were very instrumental right from setting up the company to delivering the accounting and reporting needs for our business. We strongly recommend QX Corporate Advisors to individuals/organisations looking for professional advice on doing business in the UK and USA.
